To report outages after hours, call  
 800-300-6800

- If your power goes out:**
1. Check your fuses or circuit breakers. This is important because if CVEC responds to an outage and the trouble is with your own electric service, you could be charged a service call.
  2. If all the lights are off, call your neighbors to determine whether or not they have power.
  3. Note sparks, a loud noise, or trees and limbs on the power lines. This will help your cooperative get quickly to the source of the outage.
  4. Please reference your Location Number when calling your cooperative.
